

## WHAT'S THE TEE?

### PRESIDENT'S MESSAGE

**Hello Ladies!**

It's time for the first big tournament of the 25-26 WGA Season & it is going to be a fun time. The upcoming Member Member event has a theme of Peace, Love & Golf with plenty of fun vibes planned & groovy prizes so grab a partner, find some funky duds and get signed up. If you are looking to give it a try and need help finding a playing partner, please reach out to myself or any board member for assistance. We would love to see you playing in it!

Speaking of partners, I hope that you've picked one for the season long Doubles Match Play tourney. Tibbie Farnsworth and Nikki Spirakis are our reigning champions, and we will see if they can repeat! We look to start in the next few weeks & go through the end of the season depending on how many teams sign up. You choose a partner, and the pro shop will put together a bracket for the matchups. (Think March Madness.) There will be approximately 3 weeks (a little longer during the holidays to accommodate travel & plans) in each bracket to schedule & play your match. How this works is that each player plays their own ball. The best net score from each pair goes up against the best net score of the other pair. One point for winning each hole & if the hole is tied it is .5 points for each team. It takes 9.5 points win. It is a very fun way to learn & play golf as each hole counts individually & then can be forgotten vs a blow-up hole ruining your overall score. I encourage everyone to pair up & give it a try! It is a double elimination tournament, so you are guaranteed to get to play two matches. If you have questions, please talk to me, a board member or Paul. To gauge interest and start setting up the bracket (playing schedule) please email myself at [hlmcleish@gmail.com](mailto:hlmcleish@gmail.com) with you and your partner's phone numbers.

I also wanted to remind everyone that the 9 hole league got moved to Thursday mornings to better accommodate people's schedules and give more opportunities for people to play together.

Hit 'em straight and far!

## Did you know?

### UNPLAYABLE BALL IN A BUNKER

We all love bunkers! Right? The ball lies in a bunker when any part of it touches the sand. There are a few things you are not permitted to do when your ball is in a bunker. You may not test the condition of the bunker, touch the sand right around your ball, or take a practice swing that touches the sand.

However, you can remove natural and artificial objects from the bunker. You can set your clubs down in the bunker and rake the bunker to care for the course before playing, so long as you aren't testing the bunker or improving the conditions for your next stroke.

You get free relief INSIDE a bunker when you have interference from an abnormal course condition (such as a drain or steps, temporary water, and ground under repair). One club length no closer to the hole.

Staying in the bunker under the unplayable rule you may take a one stroke penalty and move the ball back-on-the-line between the ball and the hole, or lateral relief within two club-lengths.

If you do not want to hit from inside the bunker you may take relief as an unplayable lie, stroke and distance, go back and hit the ball from where you previously were but take a one stroke penalty.

Plus, a fourth option, for two penalty strokes, allows you to get out of the bunker by going back-on-the line between the ball and the hole as far back as you'd like.

Remember you are the only one playing who decides if your ball is unplayable! It can be anytime anywhere.
